

THE BRAIN DUMP • FIFTEEN MINUTES, ONCE A WEEK • PEN ON PAPER

Put it somewhere other than your head.

Do not organize while you write. Empty it first. When the list slows down, wait a minute and ask what you are still trying not to forget.

WORK

Anything unfinished, promised, or avoided.

HOME

Repairs, errands, the thing on the counter.

MONEY AND ADMIN

Bills, forms, renewals, the call you keep not making.

ME

Health, friendships, the thing you used to do.
